CHOPHOUSE

MODERN BRITISH DINING

The chop house tradition is about hearty eating,

GOOD COMPANY, FINE WINES & ALES.

Chop houses are a great British tradition that dates back hundreds of years. Originally, they were men only establishments where businessmen gathered to hatch deals over plates of traditionally cooked meats washed down by fine wines and good ales. Our modern chophouse is a more diverse affair welcoming all to our tables to enjoy a great dining experience whatever the occasion (if you want to hatch deals- go for it).

As all our dishes are freshly prepared our team has a good grasp on allergens and can advise and where possible amend any dishes to cater for allergens.
Gluten I Crustacean I Molluscs I Eggs I Fish I Peanuts I Nuts I Soybeans I Milk I Celery I Mustard I Sesame I Lupin I Sulphur Dioxide
Please advise when placing your order of any allergens that we may need to be aware of.

Some items of our menu are available in the 'pub and frontages' with our main food offering being available in the restaurant.
Please note table service is only offered in the restaurant for operational and functional reasons and therefore we offer 1 course outside the restaurant.
Staff will be more than happy to find you a table should you want several courses.

As all our food is prepared and cooked to order the food inevitably has a waiting time which may be extended during busy periods.
